RUSSIAN CHEMICAL REVIEWS
Uspekhi Khimii

November 1975

Translated from *Uspekhi Khimii*, **44**, 1929 - 1930 (1975)

Aleksandr Naumovich Frumkin

Dear Aleksandr Naumovich

The Editorial Board of the Journal "Uspekhi Khimii", the authors of the reviews in this issue, and your numerous students and colleagues convey to you their heartfelt greetings on your birthday.

You are the founder of modern electrochemical kinetics and the most outstanding new developments and the most important advances in this branch of science have been associated with your name for more than fifty years. Your great creative activity, which has not diminished with the passing of years, your willing support of new ideas and developments, and your deep understanding of practical needs—all these are inspiring examples to follow.

We wish you dear Aleksandr Naumovich good health and new creative successes.
