RUSSIAN CHEMICAL REVIEWS
Uspekhi Khimii

September 1979

Translated from *Uspekhi Khimii*, **47**, 1523 (1979)

Aleksandr Nikolaevich Nesmeyanov

DEAR ALEKSANDR NIKOLAEVICH,

The Editorial Board and the Editors of the journal "Uspekhi Khimii" convey to you their heartfelt greetings on the occasion of your birthday.

As an outstanding scientist, teacher, scientific organiser, and activist in community affairs, you have enjoyed enormous authority and popularity in our country and well earned respect among many foreign scientists.

One cannot overestimate your contribution to the establishment of the chemistry of organoelemental compounds, the creation of the chemistry of synthetic and artificial food, and the development of theoretical and experimental organic chemistry.

Your numerous students are working successfully in scientific research institutes and industrial undertakings in the Soviet Union and other socialist countries.

You have directed for many years the Academy of Sciences of the USSR—the main Scientific Department of our Government — and have made an outstanding contribution to the organisation and development of various branches of modern science and engineering and to the strengthening of the insoluble link between science and industry.

We wish You, dear Aleksandr Nikolaevich, good health and many successes in your noble career.

The Editorial Board and Editors of
the journal "Uspekhi Khimii"

ALEKSANDR NIKOLAEVICH NESMEYANOV
